SAND-ICE-PUMPKIN-LIGHT

CREATIVE TEAM BUILDING

ABOUT US

Sand In Your Eye have been making sand, ice & pumpkin sculptures professionally for over 15 years. We have produced globally recognised projects such as the Fallen 9000, as featured in TIME magazine. We have worked with companies such as Microsoft, BBC, Fox Films, Aardman Animation, Land Rover and HBO to name but a few. We are now offering team days so that you too can learn the tricks of the trade in the comfort of our new bespoke studio!

OUR STUDIO

Our studio is nestled in the rolling hills of Cragg Vale in West Yorkshire near the bustling creative hub of Hebden Bridge and an easy train ride from Leeds and Manchester. We have an enormous 12 tonne sand pit and an ice sculpture studio, where you can experience anything from fabulous taster sessions, to full day creative thinking and team building.

TEAM DAY PACKAGES

We offer packages in ice sculpture, sand sculpture, pumpkin carving and light art. We can tailor-make a bespoke event to suit you and you can also hire out our space for an evaluation or brainstorming and creative thinking session, once your workshop has finished.

Our workshops are great for Team Building Events, Team Meetings, Ice Breakers and Energisers, Corporate Away Days, Motivational Events, Management and Leadership Training, and Activity Days.

Here are some of our popular packages.

TASTER SESSIONS

- 2-3hrs 'have a go' workshops
- 40 people max capacity
- Prices start from £39 per person

These sessions are great for energisers, motivation or just to have a go at something unique. After the session is finished, you can hire the space for a company meeting or update, so no need to travel to another site.

FULL DAY SESSIONS

- 6-8hrs essential skills workshop
- Team Building Activity
- 40 people max capacity
- Prices start from £45 per person

We can start the morning with an essential skills workshop, then in the afternoon, put your talents to the test with a group challenge or competition and see the potential of your team, team players, or management material. What better way to see how people adapt out of their comfort zone.

*All Prices exclude VAT

SAND SCULPTURE

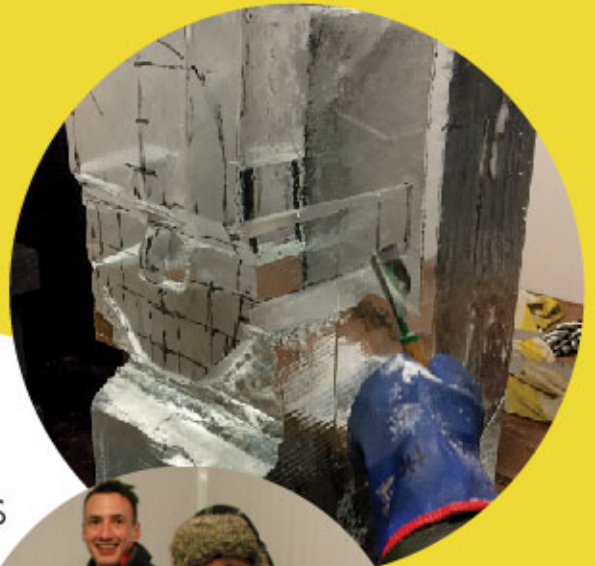

Sand is a perfect medium for management and leadership training. Participants will need to be able to work as individuals to learn the essential skills. Then working effectively together and problem solving in order to create a giant sculpture as a team. Communication and co operation is the key to create an impressive structure and save your arms from too much digging! We also have sand tables for easy access or if you don't want to get your shoes sandy.

ICE SCULPTURE

Carving a block of ice with chisels is a truly unique experience. Planning is a key skill when sculpting ice, as you only get one chance at getting it right. Teams can have fun creating something together. Construction, problem solving and tactics play a huge part in a successful sculpture.

Hold your meetings at our studio afterwards and watch your gallery of melting ice sculptures take on a wonder and beauty all of their own.

Alternatively, have us deliver them to you and have your own exhibition.

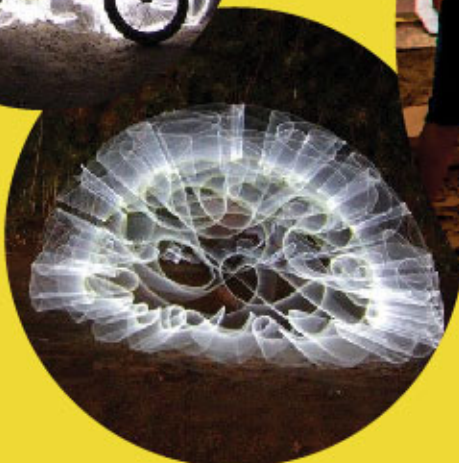

PUMPKIN CARVING

Pumpkins have personalities and you will delight in helping them express themselves! These sessions make a fantastic ice breaker or energiser. The workshop can have a competitive element too, it makes a wonderful activity day for those not wanting to get too physical. Workshops run from late September to the end of October. You can take them with you and decorate your workplace for Halloween.

LIGHT ART

Light Art is using long exposure photography in darkened conditions to paint with light wands. Experimentation without prejudice is key to striking images and a pillar of creative thinking and innovation. The quality of the images is a reflection on the team's ability to plan, communicate and co-ordinate rapid synchronised effort. You may even try and animate your creations.

ADDITIONAL INFORMATION

Facilities include, our sculpture studio, meeting room, projector, light refreshments and plenty of onsite parking. Catering can also be organised from the wealth of local cafe's in the area.

Our studio is in easy reach of most transport links. We are a 10 minute walk from Mytholmroyd Train Station, which has direct trains from Manchester and Leeds and good bus and motorway links.

WE CAN COME TO YOU TOO!

All of our workshops can also be held at your site too. No need to travel, leave that to us. Please contact us for more details.
